RIISING FROM THE ASHES- A TIME FOR HEALING

Rising from the Ashes Car and Bike Rally
Sunday 18th October 2020

Program- 9am until 4 pm

Entry fee \$25 per vehicle

Grand prize drawn at Milton Showground at 3.30pm

Buckle up for a fabulous day of fun and adventure!

I am writing to you seeking participants for our Rising from the Ashes Car and Bike Rally.

Choose one of two routes that will meander through the Shoalhaven before concluding at Milton Showground for some entertainment, light refreshments and family fun.

Route 1: Sussex Inlet – Milton

Route 2: Kioloa – Milton

The day kicks off with start times from 9am – 11am with the finish point, Milton Showground, open from 2pm.

Goal: The purpose of the rally is to create a fun activity that will bring joy to the community and promote our local businesses in the area.

What's involved? Participants will be given a road map with destinations to visit, where they will be asked to answer various questions about aspects of various vantage points along the way – a road trip treasure hunt! Also included will be information about specials on offer for the purchase of snacks and meals at townships and hamlets, where you will also be able to browse and purchase goods and special deals from various specialty shops in those areas.

Don't miss our raffle! Receipts for purchases amounting to \$10 or more will entitle participants to tickets in the grand prize, drawn at Milton showground at 3.30pm. Completed quiz sheets will also be eligible for random prizes.

Put out into the deep.

LUKE 5:4

This is the second of a series of projects initiated by the local catholic community to promote healing and recovery from the Shoalhaven bushfires, floods and the more recent Covid-19 lockdown. We are collaborating with other volunteer organisations, community service groups, local clubs and businesses, who have enthusiastically come on board with us for staging this event.

We hope your club members will join with us in supporting our local Shoalhaven business between Sussex Inlet and Kioloa and boost our efforts to help our community heal.

Please register your interest early, as we are hoping for a good response.

Kind regards,

Vivienne Benson Hodge
